## MERIDITH RIDL

“With images that include things torn, scattered, wrinkled, and worn as well as pairs, bows, threads, and words, my work often intertwines suggestions of impermanence and loss with suggestions of intimacy and connection.”

- Meredith Ridl

When experiencing the work of Meridith Ridl there is a sense that we are witnessing something deeply personal. Understated and poignant, Ridl's drawings are a quiet celebration of the tattered, the overlooked, and the secretly significant.
