Global Executives for the 4th Industrial Revolution
The world is innovating. Technology is changing the way we live and work. To succeed in this new paradigm, where machine learning and artificial intelligence are driving all industries’ practices to a level never before imagined, a revitalized brand of leadership is essential. In a world of technological transformation, Thunderbird is developing nimble, ethical leaders who are equipped to build sustainable businesses, economies, cultures and environments.

GLOBAL MANAGEMENT, EVOLVED
Thunderbird’s Executive Master of Global Management degree delivers hands-on training in international management strategies and the cultural nuances affecting regional business environments around the globe. Plus, your studies provide coursework in traditional business disciplines like accounting, finance and marketing—giving you the perfect balance of practical and people skills to inspire, influence and drive global success.

DELIVERED FOR BUSY GLOBAL PROFESSIONALS
Designed for working professionals, the Executive MGM features
• Globally focused curriculum facilitated by faculty who are content experts and experienced practitioners
• Practical, hands-on, discussion-based courses that promote learning that is immediately applicable
• A cohort model that encourages collaboration among diverse team members to capitalize on the knowledge base of the group

APPLIED LEARNING & NETWORKING
Global Field Seminars are hands-on learning experiences in a focused region of the world, comprising of site visits, high-level meetings and presentations with business, government, and cultural leaders to learn what makes doing business in the region unique.
